

Our NM Basic Adjustable Pedestal has a wide range of features such as the Adjustment Key, a wide range of adjustable heights and the pre-cut base for wall corner cuts, make the NM Basic pedestal perfect for any kind of raised flooring applications. Featuring an above average loading capacity and a reliability that can only be offered by experts in the field of raised flooring supports, the NM Basic pedestal is regularly selected and widely appreciated Internationally within the building industry. When installed on a sloping surface, shims or the slope compensator can be placed on the pedestal head to ensure a level support surface. The slope compensator can add up to 1% of slope.
